💼 Work Experience

Manager, BI & Reporting, Saks Global 🔗
12/2024 – Present | Bangalore, India
Lead and collaborate with a global BI team to deliver scalable analytics and reporting solutions for core retail functions.

- Led a **9-member BI team** supporting **Planning, Replenishment, Supply Chain, Digital Operations, and Finance**.
- Led delivery of an **AI-driven image and pose analytics solution**, partnering across teams to introduce advanced analytics beyond traditional BI use cases.
- Drove development of **internal analytics applications and automation tools** (Python-based) to reduce manual effort and BI dependency for operational teams.
- Owned high-usage Looker dashboards and DBT-backed SQL models, improving stability and reuse across reports.
- Partnered with **US stakeholders** to define metrics, prioritize BI intake, and translate ambiguous business problems into scalable analytics solutions.

Team Lead, Stock Vertex Ventures 🔗
02/2024 – 11/2024 | Bangalore, India
Led a small analytics team delivering algorithmic trading strategies from research to live execution, strengthening leadership and quantitative decision-making depth.

Team Lead, Analytics, Saks Global 🔗
09/2020 – 12/2023 | Bangalore, India

- Delivered **Customer Risk Scorecard** providing a unified customer risk view across channels, driving **$3M in savings** and reducing **~200 hours/month** of manual effort.
- Led **Sizing Chart Optimization** across key categories by identifying high-return SKUs, reducing returns and generating **$2M in savings**.
- Implemented **carrier scan event ingestion** from 8 logistics partners, improving visibility into on-time delivery performance.
- Drove multiple initiatives across missing merchandise, promo abuse, and A/B testing, delivering **$3M+ additional savings** and operational efficiency gains.

Associate, Trust and Safety, Myntra 🔗
10/2019 – 08/2020 | Bangalore, India
Delivered analytics-driven fraud detection and fake returns insights, reducing manual effort and saving **$10K/month**.

Senior Analyst, Fraud Prevention, Tesco 🔗
08/2016 – 10/2019 | Bangalore, India
Led fraud rule optimization and risk monitoring initiatives, delivering **£150K+ in savings** and reducing false referrals by **70%**.

Risk Investigator, TRMS, Amazon 🔗
07/2014 – 01/2016 | Bangalore, India
Early-career role focused on fraud detection and chargeback prevention in high-volume e-commerce operations
